

Namaste CA Aspirants,

"राख नहीं, मैं वो चिंगारी हूँ जो हर तूफ़ाँ से टकराएगी। जीत की ज़िद है मेरे लहू में, मंज़िल खुद चलकर आएगी।"

To every aspirant who cleared the September 2026 Examinations: congratulations! Behind your result are late nights, quiet sacrifices and a family that believed in you even when you doubted yourself. You have made your parents proud, and you have made yourselves proud. Carry this moment with gratitude and humility, for the road ahead is longer still.

To those who could not make it this time, please hear this with an open heart. This is not a verdict on your ability. It is a step on your learning curve. Every successful Chartered Accountant has, at some point, turned a setback into a stepping stone. Take the lesson, add determination, keep your spirit cheerful, and your next attempt will bring you the result you deserve. Keep your mind agile, calm and strong.

As the festive season arrives, I wish you and your families a joyful Diwali, a blessed Govardhan Puja, a warm Bhai Dooj and a devout Chhath Puja 2026. May these festivals bring serenity to your minds, growth to your efforts and prosperity to your homes. May a smile of achievement always be your hallmark.

To all Final students appearing in November 2026 you have prepared, now trust your preparation. Let focus be your armour, discipline your sword and your parents' blessings your shield. Walk into the examination hall with a steady mind and a grateful heart. Your effort, your concentration and your gratitude towards those who stood by you will, I am confident, bring you well deserved and applaudable success. Best of luck!

The recently concluded NTH at Puri was a wonderful success. It reminded us that our students are not only learners but performers, thinkers and leaders. This is the finest platform to show your passion and interest, and to shine with your own light. It is an open-ended opportunity to showcase your talent at SAFA and at international conferences, in India and abroad. I encourage every student to step forward and take part.

I also invite you to be part of the CA International Conference **"VishwaSetu",** to be held at the Jio World Centre, BKC, Mumbai, on **5th and 6th December 2026**. It is a real arena to meet peers from different backgrounds, to be challenged by new learning experiences, and to gain a deeper understanding of where our profession is heading and how to adapt to its fast-changing landscape. It will present you as a professional with a global outlook and grounded judgment. It will make you more focused and determined and leave a lasting imprint on your resolutions while helping you balance your life goals.

I am happy to share the launch of **AURA 2.0** and the **SPARK** workshops on Group discussion, Speaker forum, Vocabulary Enrichment & Entrepreneurship by the POUs and Branches. They speak directly to the mind of a student your search for technical competence and your journey of personal growth. They will help you build clarity of concepts, confidence in expressing your views and a sound footing across different skill pillars. Join them with zeal, mindfulness and the belief that your opinion matters.

I also acknowledge, with appreciation, the wide acceptance of the **e-Diary** among students and Members. Maintaining your e-Diary is a vital part of your training. Not only does it serve as an official record of your practical experience, but it also allows you to track your growth, spot areas for improvement, and ensure you gain well-rounded industry exposure.

We encourage all students to complete their e-Diary entries diligently and consistently. If you need to make any corrections, please coordinate with your principals to select the 'Ask for Correction' option and submit the updates within the prescribed time frame .

"सफलता उन्हीं को मिलती है, जो गिरकर संभलना और रुककर फिर चलना जानते हैं।"

Pause now and then to look within. Ask yourself: What are my strengths that the world already sees? What potential lies hidden, waiting for me to discover it? Honest self-assessment is the first step towards growth. Know yourself, and you will know your direction.

Dear students, give your best and keep your heart humble. Always remember your parents' struggle and blessings and let them inspire you every day. Be as humane as you can be, for it is human values that make a professional truly great. With the grace of the Almighty and the blessings of your elders, keep your tempo of growth steady and your faith strong. We at ICAI stand with you at every step.

With warm regards and affection,

नमस्ते, शुभकामनाएँ

जय ICAI, जय हिंद।

Warm regards,

CA. RAJESH SHARMA

CHAIRMAN, BOARD OF STUDIES (OPERATIONS)
